

# Makita

# 7-1/4" METAL CUTTING SAW

## FASTER, CLEANER AND MORE EFFICIENT METAL CUTTING

Powerful 13 AMP Motor Cuts Through Various Types of Metal Including Sheet Metal, Steel Studs, Pipe, Rebar and Much More

Heavy Duty Blade Cover Provides Increased Chip Collection

Large Cutting Capacity for Single Pass Cutting

Includes Blue Steel™ CERMET Tipped Metal Saw Blade for Faster Cutting and Longer Life

Ideal for Plumbers, Electricians, HVAC, Steel Framers, Metal Fabricators and Many Other Applications

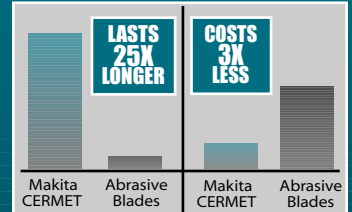

Includes  
**Blue Steel™**  
Saw Blade with CERMET tips  
Ceramic Metal

MODEL  
**4131**

**Makita**  
#1  
**QUALITY**

makitatools.com

## PERFORMANCE

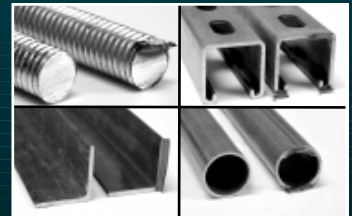

Substantially increases blade life & provides a lower cost per cut than abrasive blades

## SPEED

Makita Blue Steel™ CERMET blades cut 5X faster than abrasive blades for increased productivity

## CLEANER

Makita's CERMET blades cut cleaner than abrasive blades with burr-free ends that are cool to the touch

## EFFICIENCY

Efficient chip collector for cleaner work area. "Tool-less" blade cover helps prevent heat build up

## VERSATILITY

Sheet Metal   Square Tubing   Channel Stud   Angle Iron   Steel Stud   Steel Pipe   Corrugated Sheet Metal   Rebar

# COOL TO THE TOUCH

# 7-1/4" METAL CUTTING SAW

## Model 4131

### Features & Benefits

- Powerful (13 AMP) motor and long lasting CERMET Tipped blade to tackle multiple applications
- CERMET Tipped blades are made with a special Ceramic-Metal mixture that resists heat which can shorten the life of traditional carbide-tipped blades
- Fast, effortless cutting through single or multiple metal pieces with burr-free ends that are cool to the touch
- Virtually spark-free cuts
- Heavy-duty blade cover for efficient chip collection for increased performance
- "Tool-less" blade cover removal and chip collection window for operator convenience
- Quick release blade guard lever for plunge cutting
- Stainless steel base plate for stability and durability

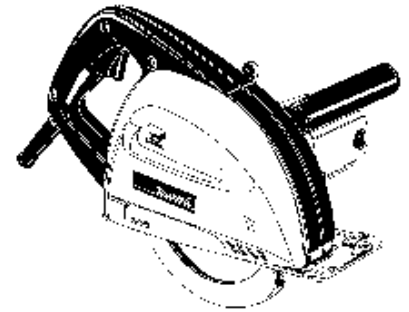

### Specifications

Blade Diameter	7-1/4"
Arbor	5/8"
Maximum Cutting Depth: 90°	2-1/2"
No Load Speed	3,500 RPM
AMPS (120V)	13
Overall Length	11"
Net Weight	10.6 lbs.
Shipping Weight	15.0 lbs.
UPC Code	088381-05651-9

### Standard Equipment

- 7-1/4" x 36T CERMET Tipped Metal Cutting Saw Blade (A-93815)
- Hex Wrench 5 (783203-8)
- Wrench Holder (410047-0)
- Safety Goggles (191686-2)

Model 4131

### Accessories

**Blue Steel™**

- CERMET (Ceramic-Metal) Teeth Resist Heat and Lasts 2X Longer than Carbide-Tipped Blades
- CERMET Cuts 5X Faster and Lasts 25X Longer than Abrasive Blades
- Blue Steel Blades Leave Burr-Free Cuts that are Cool to the Touch

Accessory Number	No. of Teeth	Application	UPC
A-93815	36T	General Purpose (Longer Lasting)	189118
A-93821	38T	General Purpose	189590
A-93837	48T	Steel Studs	189606
A-93843	70T	Sheet Metal	189613
